> Church yelled out! If you keep doing this im really going to be fucking pissed! <p>Caboose wasnâ-t known for his brains with an IQ of 3 and the brain size of a peanut he wasnâ-t the best person.
He was just the blue guy The dark blue Spartan who had just ran over his commander church

Remember the rule yelled out church

The rule? Said caboose dumbstruck Yeah the rule where you donâ-t fucking kill the leader Oh yeah I hate that rule caboose moaned

WOOO fuck yeah a yell cried out It was tucker the green guy He was always a little bit of a pervert he was raped by an alien a while back.

> He has a child known as crunchbite Jr<p>

Church turned around in his white shade form TUCKER WHAT THE FUCK ARE YOU SO HAPPY ABOUT Tex said you wouldnâ-t be killed again by caboose I have 50-1 odds

Yeah Tex church's ex Bounty hunter and a skilful kill Shes kinda scary Been known for ripping out a mans skull And beating him to death with it as he screamed his lungs out.

Whets going on?

> Grif was moaning to Simmons Simmons fastly said Well I canâ-t hear from the fucking sniper rifle.
Grif moaned on.

> Well letâ-s head back to Sarge<p>

Oh yeah this doesnâ-t explain how we all got here

Lots has happened in blood glutch O' malliy the AI is on the lose corrupting people controllng them.

> The master chief stopped the covenant on the halos so now the red guys are against the blue guys<p>

Caboose, Tucker, Tex, Sister, Crunbite Jr, Doc, and Church the leader that was the ranks of the blue team.

The red team on the other side of blood gultch normally found by the red base.

> Simmons in the maroon and the orange Grif.
 Then there was donut who was a little queer after getting pink armour or a light red as he always insisted.

> The leader of the reds was Sarge a strong charismatic bloke who always likes killing people<p>

The last Wyoming clone after the battle was creeping around the rocks GOTCHA DIRTBAG yelled Sarge who jumped behind him and beat him in the head strangling him to death then ridding his dead body with shotgun shells.

> It was always his shotgun know one can touch it and always belonged to him. He finished with one of his phrases YOU JUST GOT SARGED DIRTBAG!<p>

At this moment Simmons and Grif headed back on the mongooses.

> Hey Sarge Simmons said.<p>

Sarge whipped around shooting the Grif's mongoose HAHA TAKE THAT MEATBAG

Well over at the blue base they where still arguing about Caboose killing Church to an extent where Church shot his other foot

OWWWW exclaimed caboose Bye bye pinky toe you shall never see the light of day again Oh shut it Caboose yelled church Caboose headed back into the base drowning his helmet in orange juice.

> You do know that you drink with your helmet of Caboose? Tex yelled Oh ya said caboose going around the bend Oh noo he cried as he fell over spilling it all around He proceeded to get his other bottle (he always had one on him)<p>

The end of the war will come soon A voice whispered throughout the caves Just you wait said a black figure surrounded by red and blue men All ready to die to gain the flag hidden deep in both bases LETS GET EM yelled one of em Who fell over the caves to die?

> I can see the flag was all that was screamed It is beautiful And soo flappy just within my reach Before he died<p>
